

HA-1627
3-BAY FRAME HOUSE
2700 Churchville Road
Churchville
Private

Early 20th century

The 3-bay frame house is difficult to date because its simple traditional form has been built in Harford County since at least the mid-19th century. It is possibly a tenant house connected with the nearby Scarborough House (HA-1626), which may suggest an early 20th century date.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The 3-bay frame house is located on the north side of the 2700 block of Churchville Road (MD 22) at the end of a winding dirt road which leads off the main highway for a distance of about 400 feet.

The two-story house faces southeast and has a center entry with a bracketed shed porch over the central bay. The gable roof is broken by a central chimney and the gable ends of the house are one bay wide. A rear ell addition is located at the northwest corner.

The windows and doors have plain architrave trim. The foundation is concrete and the probable original clapboard exterior is now covered in aluminum siding. The roof is modern composition material.
